Other charges, which are of but little importance, were made.

The committee was called to order promptly by Chairman Dawson, and the attendance of members was quite large. Under the head of new business, Mr. Jarvis moved that the action of the committee on last Tuesday night in fixing a time for the primary be reconsidered. WANTED SOMETHING SPECIFIC.

WANTED SOMETHING SPECIFIC.

Mr. Coalter's substitute was accepted, but, before it was voted on, Mr. Coalter stated by way of explanation that the plan adopted, especially that portion bearing upon the submission of the question of changing the city charter so as to elect certain city officials by popular vate, would amount to nothing. The legislative delegates had not been instructed as to how the city charter should be changed or amended. Mr. Coalter added that a plan ought to be adopted instructing the delogates how the charter should be changed. Specifications should be made, so the delegates would know how to act to represent the wishes of the people. the people. Secretary Wallace then called attention

Secretary Wallace then can't to the fact that Mr. Coalter had voted in the negative at the last meeting, but the Chair ruled that as Mr. Wood had accepted Mr. Coalter's substitute as such ifr. Coalter was in order.

THE COMMITTEES HEARD.

It was then moved that a committee such from the Thurman and Old Dominion Democratic crobs be allowed the privilege of the floor. This was voted flown by a vote of 13 to 7.

Messis, Morris and McKenny opposed the admission of the representatives of

Messes. Morris the admission of the representatives of the two Lemocratic clubs upon the grounds that such action would be a bad precedent to establish. There was some discussion upon the question, the me discussion upon the question, the ponent holding that Jefferson Ward as well represented on the City Demo-atic Committee, while the advocates the measure thought it would be a the two clubs not to allow their representatives to attend the meeting of ie committee. Mr. Dawson (Mr. Wallace in the chair)

thought the representatives of the two clubs ought to be admitted. They could come in and say what they had to say and then retire without taking any part in the proceedings of the committee or remaining at the meeting during the transaction of business.

Messrs, Hall, Latouchs, Wood, and

others spoke on the question, and it was decided to admit the delegation from the two ciubs and allow them twenty minutes to bring the matter before the committee for their consideration

ASKED FOR A CHANGE.

The delegation was admitted, and pre-ented to the committee a series of resosented to the committee a series change lutions asking that the committee change lutions asking the plan for the Democratic or modify the plan for the Democratic primary to be held October 8th, so as to submit to the people the question of so changing the city charter as to provide that all the heads of the departments of the city government be elected by the people, the same officers to be nominated people, the same officers to be nominated at a Democratic primary, or otherwise, as the City Committee may deem advisable, these officers to include, in addition to those officers now elected by the people, City Engineer, City Attorney, Superintendent of City Gas-Works, Superintendent of City Almshouse, Chief of Police, Police Justice, Chief of Fire Department, and Fire and Police commissioners. MINOR CHANGES.

The communication from the two Demo-cratic clubs was read before the commit-

cratic clubs was read before the committee, and the delegation then withdrew.

An effort was then made to change the
date of the primary from October 8th to
October 1st, upon the ground that the
Virginia Exposition would open on October 8th. The committee decided, however, to let the date, as already fixed,
remain unchanged.

Quite a discussion arcse over the question of changing the amount to be paid
the election officers for their services
on the day of the primary.

n the day of the primary.

It was argued that the registrars should

be paid \$5 and the judge and clerk should be paid \$2.50 each, while the other mem-bers of the committee thought all ought to be paid alike.

It was finally decided that the regis-

trars should receive \$5 and the judges and clerks \$2.50 each for their services. MR. GORDON'S PROPOSITION.

The question of submitting the matter of amending the city charter to a popular vote was discussed at length. Mr. James W. Gorden submitted the following:

W. Gordon submitted the following:

"Whereas, a large number of the Demoratic voters of the city of Richmond have signified a desire to express their spinion as to the election of certain city officials by direct vote of the people, instead of by the Common Council:

"Resolved, That on the ticket to be ased at the primary election on the 8th lay of October, 18%, there shall be printed the following officers, viz.—Board of Fire Commissioners, Board of Police Commissioners, Chief of Fire Department, Superintendent of Gas-Works, Chief of Police, City Attorney, City Engineer, Po-

Buperintendent of Gas-Works, Chief of Police, City Attorney, City Engineer, Police Justice, Superintendent of Almshouse, and Superintendent of Water-Works, above which shall be printed these words: Scratch the names of the officers whom you desire to be elected as at present, leaving those whom you desire to be slected by the direct vote of the people."

Mr. Gordon's motion was seconded, and Mr. Gordon's motion was seconded, and he stated that it was evident that the portion of the committee's plan bearing upon this question was not in accordance with the desires of the people at large. He thought that the only way to do away with confusion and at the same time get at the sentiment of the people was to adopt the measure which he offered.

Mr. Morris spoke at length on the sub-ect, and stated that he wished the Boards ject, and stated that he wished the Boards of Police and Fire Commissioners to be stricken out of Mr. Gordon's resolution. Mr. Wallace said that after mature consideration he was convinced that the people wanted to have the privilege of voting upon the question of electing all the officers named by a popular vote. He was opposed to the Epps resolution, but thought that all, if any, of the officers named in Mr. Gordon's resolution should be put upon the ticket. He did not think the committee ought to provide for the question of certain officers being elected and leaving off others.

Mr. Duke offered as an amendment that

the offices of the Chief of Police and the Chief of the Fire Department be stricken out of the resolution offered by Mr. Gor-

SHOULD BE NO DISCRIMINATION. "There should be no discrimination by the City Committee," argued Mr. Coalter.
"The people should be allowed to express their opinion regardless of the committee, who had no right to insert some city officers on the ticket and omit others. There was a vast difference of opinion as to which officers should be chosen by popular vote. Put them all on the ticket and the people would decide what they wanted."

An argument in favor of maintaining

wanted."

An argument in favor of maintaining the original plan of the committee, to submit to the people simply the question of whether they wished the city charter to be changed, was made by Mr. Tyler, who thought that after that question was decided the City Council would devise a plan whereby the people could determine what officers they wanted to be chosen by popular vote. He said the committee would overstep the bounds of propriety and safe policy by going into the question of specifying certain officers to be so chosen, which would bring about serious embarrassment and perhaps considerable embarrassment and perhaps considerable trouble. Any other action on the part of the committee would not only be a usur-pation of the authority of the City Council, but would likely get the committee

MR, GORDON'S MOTION PREVAILS. Mr. Duke's amendment was then sub-mitted and lost by a large majority.

A recorded vote on Mr. Gordon's reso-lution was taken, and resulted in the adoption of the resolution—17 to 10.

The rest of the plan which the commit-tee adopted was readopted. It was agreed that the negative, as well that he had voted against the original as the affirmative votes cast in the pri-mary be counted, Mr. Wallace offering

> The Committee on Printing was in-structed to have printed before the next meeting of the committee 500 copies of the meeting of the committee 500 copies of the plan as amended. It was decided that the ward super-intendents ascertain and report two weeks hence the voting precincts, the names of the judges and clerks, and the approximate cost of the primary in each

The committee then adjourned to meet again Wednesday night, September 11th.

Will Hardly Put Up a Ticket.

Recently there has been a great deal of talk about the working people of the city putting up an independent ticket for the Legislature. Next Wednesday night their convention is to be held at Ellett's Hall, but it is almost certain hight their convention is to be near at Ellett's Hall, but it is almost certain that no candidates will be brought out. The majority of the conservative labor-ing men of the city have, it is said, about come to the conclusion that it is both impracticable and inexpedient to put a ket in the field. All that they wish is proper representation in the legislative vinced that this can be obtained within the Democratic party they will not povinced that this can be obtained within the Democratic party they will not go without its lines. A prominent labor leader yesterday said to a Dispatch re-porter that the action of the meeting the other night in calling the convention was but a compromise reached at a late hour, when everybody was fagged out, and did not really represent the real sen-timent of those present.

STRUCK WITH A STAVE.

Frank Taylor (Colored) Makes an

Assault Upon Rudolph Siegle. Yesterday morning, in rear of the green-grocery store of Mr. Adam Feitig. No. 209 east Main street, a negro youth named Frank Taylor made an assault upon little Rudolph Siegle, brother of Dr. Charles L. Siegle, striking the little Dr. Charles L. Siegle, striking the little fellow upon the head with a barrel-stave and inflicting an ugly and serious wound. The difficulty, which was altogether one-sided, occurred early in the day, while several boys were teasing the negro about a colored woman with whom he had been talking. Taylor became very angry, and, seizing a barrel-stave, hurled it at the crowd. The murderous missile struck Rudolph on the back of the head. cutting a very ugly gash and rendering the lad unconscious. Dr. Crenshaw was called in, and found it necessary to take called in, and found it becessary to take several stitches in the wound. When this had been done Rudolph was taken to his home. No. 204 east Main street.

In the mean time, Mr. Feitig, who had learned of the affair, drove the negro away from his place of business. Taylor had been employed by Mr. Feitig.

HANOVER TROOP ASSOCIATION

Its Annual Outing at Ashland Park Next Tuesday.

A meeting of the Richmond members of the Hanover Troop Association was held in the office of Police-Justice John J. Crutchfield last night. Steps with reference to the annual reunion to be held ference to the annual reunion to be held at Ashland Park next fluesday were considered and the preliminary work for the outing was mapped out. Upon this occasion about thirty or thirty-five of the survivors of the old company will be on hand to shake hands with each other, tell war tales, and eat Brunswick stew. Arrangements have been made whereby those who wish to be present can go to Ashland on either the 7 o'clock or the moon train and return on either of the afternoon trains. This troop went into service with Captain Williams C. Wickham as its commanding officer. It will be remembered that Captain Wickham was afterwards promoted to the rank of was afterwards promoted to the rank of major general. Captain Thomas W. Syd-nor is president of the association and Mr. J. A. Brown is its secretary.

The Owl 'Cycle Club.

The members of the Owl 'Cycle Club have not as yet determined upon the lo-cation of their new home. A place up on west Main street seems to be the most desirable now in view. The club at one desirable now in view. The club at one time spoke of forming a stock company and leasing the ground behind the Exposition-Grounds, thus benefiting by the proximity of the race-track. This was abandoned on account of the expense. The house they expect to take now is large and commodious and well situated.

REHIND AND OUT OF WORK.

Pitiful Tale of the Young Man Sapposed to Have Taken a Bicycle. Last week Mr. W. W. Turner, acting correture of the Young Men's Christian Association, had his bleycle stolen from the vestibule of the Association building. He has recovered his wheel, but under very peculiar and mortifying circum-stances. After the disappearance of the machine Mr. Turner notified all the 'cycle dealers in the city, and they were cycle dealers in the city, and they were on the look out for it, so when a young man presented it at Hicks's livery-stable. Mr. Turner was notified at once. He went up there and to his surprise found that the person detained with the machine was an old acquaintance, one who up to this time he had believed to be a model young man. He questioned the offender closely, but he at first denied his guilt, saying he had bought it from a man in the street, but at last being threatened with prosecution he broke down and confessed. He said that he was behind in his rent, out of work, and could not resist the temptation of taking it from the vestibule of the association. Mr. Turner generously forgave him, but warned him that on the next offence he would be the first to testify against him.
